

Regulatory Quality

Regulatory quality captures perceptions of the ability of the government to formulate and implement sound policies and regulations that permit and promote private sector development. This table lists the individual variables from each data sources used to construct this measure in the Worldwide Governance Indicators

| Code | Concept Measured |
|-----------------------------------|---|
| Representative Sources | |
| EIU | <ul style="list-style-type: none"> Unfair competitive practices Price controls Discriminatory tariffs Excessive protections Discriminatory taxes |
| GCS | <ul style="list-style-type: none"> Burden of government regulations Extent and effect of taxation Prevalence of Trade Barriers Intensity of Local Competition Ease of starting a new business Effectiveness of anti-trust policy Stringency of environmental regulations |
| HER | <ul style="list-style-type: none"> Investment Freedom Financial Freedom |
| IPD | <ul style="list-style-type: none"> Ease of starting a business governed by local law? Ease of setting up a subsidiary for a foreign firm? Share of administered prices Does the State subsidize commodity prices (i.e. food and other essential goods, excluding oil)? Does the State subsidize the price of petrol at the pumps? Importance, de facto, of barriers to entry for new competitors in markets for goods and services (excluding the financial sector and beyond the narrow constraints of the market)... related to the administration (red tape etc.) Importance, de facto, of barriers to entry for new competitors in markets for goods and services (excluding finance and beyond the narrow constraints of the market)... related to the practices of already established competitors Efficiency of competition regulation in the market sector (excluding financial sector) |
| PRS | <ul style="list-style-type: none"> Investment profile |
| WMO | <p><i>Regulatory burden.</i> The risk that normal business operations become more costly due to the regulatory environment. This includes regulatory compliance and bureaucratic inefficiency and/or opacity. Regulatory burdens vary across sectors so scoring should give greater weight to sectors contributing the most to the economy.</p> <p><i>Tax inconsistency.</i> Tax inconsistency also captures the risk that fines and penalties will be levied for non-compliance with a tax code that appears disproportionate or manipulated for political ends.</p> |
| Non-representative Sources | |
| ADB | <ul style="list-style-type: none"> Trade policy Regional integration Business regulatory environment |
| ASD | <ul style="list-style-type: none"> Trade policy Business regulatory environment |
| BPS | <ul style="list-style-type: none"> How problematic are labor regulations for the growth of your business? How problematic are tax regulations for the growth of your business? How problematic are customs and trade regulations for the growth of your business? |
| BTI | <ul style="list-style-type: none"> Organization of the Market and Competition |
| EBR | <ul style="list-style-type: none"> Price liberalisation Trade & foreign exchange system Competition policy |
| IFD | <ul style="list-style-type: none"> Enabling conditions for rural financial services development Investment climate for rural businesses |

| | |
|------------|--|
| PIA | Access to agricultural input and product markets Business regulatory environment Trade policy |
| WCY | Protectionism in the country negatively affects the conduct of business Competition legislation in your country does not prevent unfair competition Price controls affect pricing of products in most industries Access to capital markets (foreign and domestic) is easily available Ease of doing business is not a competitive advantage for your country Financial institutions' transparency is not widely developed in your country Customs' authorities do not facilitate the efficient transit of goods The legal framework is detrimental to your country's competitiveness Foreign investors are free to acquire control in domestic companies Public sector contracts are sufficiently open to foreign bidders Real personal taxes are non distortionary Real corporate taxes are non distortionary Banking regulation does not hinder competitiveness Labor regulations hinder business activities Subsidies impair economic development Easy to start a business |
